Miss Marguerite Reid (Kackley), sister of Mrs. M. C. Russell and Messrs. J. T. and John Kackley of this city, appeared in Grand Opera at Covent Garden, London, on May 14th.

Writing of the event the London correspondent of The Chicago Journal says: "Marguerite Reid, an American girl who has been studying in Paris for two years, gained signal recognition in Grand Opera last night. She sang the principal role of Nedda in Leoncavallo's 'Pagliacci,' and was supported by Dr. Luise and Anceno. One of the most distinguished and critical audiences seen in London this season gave the young American's work its unqualified approval. Among those present were the Princesses Maud and Victoria, and the latter's fiance, Prince Charles of Denmark. Miss Reid's voice is described as strong, pure, and clear and peculiarly fresh. She has a wonderful girlish beauty and is not without a sweet expression as an actress. She received a tempestuous recall at the finale."
